

### 3<sup>rd</sup> Quarter Newsletter

I hope everyone is enjoying this beautiful fall weather. We are asking that everyone be extra careful with any bonfires, because it is so dry outside.

The Town has been able to purchase a new fountain for our pond in the Park. This one is equipped with coloured lights and has quite an impressive spray. The Cut Knife Wildlife has donated \$5,000.<sup>00</sup> towards the new fountain, which is very much appreciated.

The new Community Building is getting some renovations done as well as an interior paint job and some new flooring. Hopefully we can start moving the library I soon. This is all very exciting.

Chase the Ace will begin again starting the first part of October. Once again this is a fundraiser for the Cut Knife Rec Board, Cut Knife Library and the Clayton McLain Memorial Museum. Tickets will be on sale each week at some of the local businesses, and can also be purchased by an E-Transfer to [ckchasetheace@gmail.com](mailto:ckchasetheace@gmail.com). Tickets are \$10.<sup>00</sup> each. Watch for advertisements for the official start date.

The Cut Knife School of Dance is also doing a ladies night fundraiser. Tight 'n' Bright dance is on Saturday, November 12, 2022 at the Cut Knife Community Centre. Tickets are \$50.<sup>00</sup>, which includes a catered supper and a dance with music by Digital Keys DJ's. Tickets can be purchased by E-Transfer to [cutknifeschoolofdance@gmail.com](mailto:cutknifeschoolofdance@gmail.com).

There has been a lot of work done at the Civic Centre. There has been a problem with the boards on the west end of the ice leaning for the past few seasons. The Rec Board has committed to fix this problem. Due to all of the moisture it has turned into a much bigger job. Thank you to Justin Kelly and Mike Wismer for being the leads on this project, and also to everyone who has helped. A huge thank you to Veikle Agro for their large donation to this project.

The Honorary Veteran Banners will soon be raised on Broad Street. A big thank you to the Cut Knife Legion for the funding and all of the hard work to help us all remember these Veterans.

There are still some Community Calendars at the Town Office to be picked up. Please pass this message on to anyone who may not see this letter.

It's also that time of the year when a lot of people will be cleaning up yards and gardens. Please remember clippings and garden refuse can go into the tree pile as long as there is no garbage in it. All wood with paint must go in the garbage, not the tree pile.

The first walk-in Flu and Covid Clinic will be happening on Friday, October 14, 2022 at the Cut Knife Community Centre from 1:00 PM to 7:00 PM. Please watch for further details regarding the schedule.

Wishing everyone a very Happy Thanksgiving, we have so much to be thankful for when we see all of the problems in this world.

Mayor Gwenn Kaye

Town of Cut Knife
