# **TOWN OF CUT KNIFE**

## **FINANCIAL STATEMENTS**

**DECEMBER 31, 2024** 

To the Ratepayers of Town of Cut Knife

The municipality's management is responsible for the preparation and presentation of the accompanying financial statements in accordance with Canadian public sector accounting standards (PSAS). The preparation of the statements necessarily includes selecting appropriate accounting principles and methods, and making decisions affecting the measurement of transactions in which objective judgements and estimates by management is required.

In discharging its responsibilities for the integrity and fair presentation of the financial statements, management designs and maintains the necessary accounting, budget and other related internal controls to provide reasonable assurance that transactions are appropriately authorized and accurately recorded, that assets are properly accounted for and safeguarded, and that financial records are properly maintained to provide reliable information for the preparation of the financial statements.

The Council is composed of elected officials who are not employees of the municipality. The Council is responsible for overseeing management in the performance of its financial reporting responsibilities. The Council fulfils these responsibilities by reviewing the financial information prepared by management and discussing relevant matters with external auditors. The Council is also responsible for recommending the appointment of the municipality's external auditors.

Vantage, an independent firm of Chartered Professional Accountants, is appointed by the Council to audit the financial statements and report directly to them; their report follows. The external auditors have full and free access to, and meet periodically and separately with, both the Council and management to discuss their audit findings

#### INDEPENDENT AUDITORS' REPORT

Mayor and Council Town of Cut Knife Cut Knife, Saskatchewan

#### **Qualified Opinion**

We have audited the accompanying financial statements of the Town of Cut Knife, which comprise the statement of financial position as at December 31, 2024, the statements of operations, change in net financial assets and cash flow for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, except for the effects of the matter described in the *Basis for Qualified Opinion* section of our report, the accompanying financial statements present fairly, in all material respects, the financial position of the Town of Cut Knife as at December 31, 2024, and its financial performance and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

#### **Basis for Qualified Opinion**

Effective for fiscal years beginning on or after April 1, 2022, the Town of Cut Knife was required to adopt PS 3280 Asset Retirement Obligations which requires the recognition of the future costs associated with the legal obligation to retire a contaminated tangible capital asset. The Town of Cut Knife has not yet completed its assessment of the tangible capital assets for possible asset retirement obligations. As a result, we were unable to determine whether any adjustments were necessary to the assets and liabilities as at December 31, 2024, December 31, 2023 and the gross expenses for those years. The 2023 auditors' report was not qualified in this regard due to new uncertainties that have arisen since.

The municipality has an interest in the Cut Knife & District Fire Association, Highway 40 Health Holdings, Cut Knife and District Recreation Board and the Clayton McLain Memorial Museum Inc. which are government partnerships. The municipality has not recorded in its financial statements these interests using the proportionate consolidation method, which constitutes a departure from Canadian Public Sector Accounting Standards. The effect on the financial statements of the failure to consolidate has not been determined for the 2024 and 2023 years. Our report on the fiscal 2023 financial statements was qualified in this regard.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Town of Cut Knife in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian public sector accounting standards and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Town of Cut Knife's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the municipality or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the municipality's financial reporting process.

### Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are
  appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of
  the municipality's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the municipality's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the municipality to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the
  disclosures, and whether the financial statements represent the underlying transactions and events in a
  manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

The accompanying notes and schedules are an integral part of these statements.

# Town of Cut Knife Notes to the Financial Statements For the year ended December 31, 2024

#### 1. Significant Accounting Policies

The financial statements of the municipality have been prepared by management in accordance with Canadian public sector accounting standards (PSAS) as recommended by the Chartered Professional Accountants of Canada (CPA Canada). Significant aspects of the accounting policies adopted by the municipality are as follows:

Basis of Accounting: The financial statements are prepared using the accrual basis of accounting. The accrual basis of accounting requires revenues to be recognized as they become available and measurable and expenses are recognized as they are incurred and measurable as a result of the receipt of goods and services and the creation of a legal obligation to pay.

a) **Reporting Entity:** The financial statements consolidate the assets, liabilities, and flow of resources of the municipality. The entity is comprised of all of the organizations that are owned or controlled by the municipality and are, therefore, accountable to the Council for the administration of their financial affairs and resources

Partnerships: A partnership represents a contractual arrangement between the municipality and a party or parties outside the reporting entity. The partners have significant, clearly defined common goals, make a financial investment in the partnership, share control of decision making, and share, on an equitable basis, the significant risks and benefits associated with the operations of the partnership. These financial statements do not contain the following partnerships:

Cut Knife & District Fire Association - 38% partnership interest Highway 40 Health Holdings - 25% partnership interest Cut Knife and District Recreation Board - 33% partnership interest Clayton McLain Memorial Museum Inc. - 50%

- b) **Collection of Funds for Other Authorities:** Collection of funds by the municipality for school boards, municipal hail and conservation and development authorities are collected and remitted in accordance with relevant legislation.
- c) **Government Transfers:** Government transfers are the transfer of assets from senior levels of government that are not the result of an exchange transaction, are not expected to be repaid in the future, or the result of a direct financial return. Government transfers are recognized as revenue in the period that the events giving rise to the transfer occur, providing:
  - a) the transfers are authorized
  - b) any eligibility criteria and stipulations have been met; and
  - c) reasonable estimates of the amounts can be made.

Unearned government transfer amounts received will be recorded as deferred revenue until eligibility criteria or stipulations are met.

Earned government transfer amounts not received will be recorded as an amount receivable.

Government transfers to individuals and other entities are recognized as an expense when the transfers are authorized and all eligibility criteria have been met.

- d) Other (Non-Government Transfer) Contributions: Unrestricted contributions are recognized as revenue in the year received or in the year the funds are committed to the municipality if the amount can be reasonably estimated and collection is reasonably assured. Externally restricted contributions are contributions for which the contributor has placed restrictions on the use of the resources. Externally restricted contributions are deferred until the resources are used for the purpose specified, at which time the contributions are recognized as revenue. In-kind contributions are recorded at their fair value when they are received.
- e) **Deferred Revenue:** Fees and charges: Certain user charges and fees are collected for which the related services have yet to be performed. Revenue is recognized in the period when the related expenses are incurred or services performed.
- f) Local Improvement Charges: Local improvement projects financed by frontage taxes recognize any prepayment charges as revenue in the period assessed.
- g) **Net Financial Assets:** Net Financial Assets at the end of an accounting period are the net amount of financial assets less liabilities outstanding. Financial assets represent items such as cash and those other assets on hand which could provide resources to discharge existing liabilities or finance future operations. These include realizable assets which are convertible to cash and not intended for consumption in the normal course of operations.
- h) **Non-financial Assets:** Tangible capital and other non-financial assets are accounted for as assets by the government because they can be used to provide government services in future periods. These assets do not normally provide resources to discharge the liabilities of the government unless they are sold.
- i) Appropriated Reserves: Reserves are established at the discretion of Council to designate surplus for future operating and capital transactions. Amounts so designated are described on Schedule 8.
- j) **Property Tax Revenue:** Property tax revenue is based on assessments determined in accordance with Saskatchewan Legislation and the formulas, principles, and rules in the Saskatchewan Assessment Manual. Tax mill rates are established annually by council. Tax revenues are recognized when the tax has been authorized by bylaw and the taxable event has occurred. Requisitions operate as a flow through and are excluded from municipal revenue.

#### 1. Significant Accounting Policies - continued

k) **Financial Instruments:** Derivative and equity instruments that are quoted in an active market are carried at fair value. All other financial instruments are measured at cost/amortized cost; financial assets measured at amortized cost are recognized initially net of transaction costs with interest income recognized using the effective interest rate method. Impairment losses are recognized in the statement of operations when there is an other than temporary decline in value.

Interest and dividends attributable to financial instruments are reported in the statement of operations. Unrealized gains and losses are recognized in the statement of remeasurement gains and losses. When the investment is disposed of the accumulated gains or losses are reclassified to the statement of operations.

Long-term debt: Long-term debt is initially recognized net of premiums, discounts, and transaction costs and is measured at amortized cost with interest expense recognized using the effective interest rate method.

Long-term receivables: Receivables with terms longer than one year have been classified as other long-term receivables.

#### Measurement of Financial Instruments:

The municipalities financial assets and liabilities are measured as follows:

<u>Financial Statement line item</u> <u>Measurement</u>

Cash and Cash Equivalents Cost and amortized cost

Investments Fair value and cost/amortized cost

Other Accounts Receivable Cost and amortized cost

 Long-term Receivables
 Amortized cost

 Debt Charges Recoverable
 Amortized cost

 Bank Indebtedness
 Amortized cost

Accounts Payable and Accrued Liabilities Cost
Deposit Liabilities Cost

Long-Term Debt Amortized cost
Derivative Assets and Liabilities Fair value

- I) Inventories: Inventories of materials and supplies expected to be used by the municipality are valued at the lower of cost or replacement cost. Inventories of land, materials, and supplies held for resale are valued at the lower of cost or net realizable value. Cost is determined by the average cost method. Net realizable value is the estimated selling price in the ordinary course of business.
- m) Tangible Capital Assets: All tangible capital asset acquisitions or betterments made throughout the year are recorded at their acquisition cost. Initial costs for tangible capital assets that were acquired and developed prior to 2009 were obtained via historical cost information or using current fair market values discounted by a relevant deflation factor back to the point of acquisition. Donated tangible capital assets received are recorded at their fair market value at the date of contribution. The cost of these tangible capital assets less any residual value are amortized over the asset's useful life using the straight-line method of amortization. Tangible capital assets that are recognized at a nominal value are disclosed on Schedule 6. The municipality's tangible capital asset useful lives are estimated as follows:

| Asset                   | <u>Useful Life</u> |
|-------------------------|--------------------|
| General Assets          |                    |
| Land                    | Indefinite         |
| Land Improvements       | 15 Yrs.            |
| Buildings               | 40 Yrs.            |
| Vehicles and Equipment  |                    |
| Vehicles                | 10 Yrs.            |
| Machinery and Equipment | 3 to 20 Yrs.       |
| Leased Capital Assets   | Lease term         |
| Infrastructure Assets   |                    |
| Infrastructure Assets   |                    |
| Water and Sewer         | 40 to 75 Yrs.      |
| Road Network Assets     | 15 to 40 Yrs.      |

Government Contributions: Government contributions for the acquisition of capital assets are reported as capital revenue and do not reduce the cost of the related asset.

Works of Art and Other Unrecognized Assets: Assets that have a historical or cultural significance, which include works of art, monuments, and other cultural artifacts are not recognized as tangible capital assets because a reasonable estimate of future benefits associated with this property cannot be made.

Capitalization of Interest: The municipality does not capitalize interest incurred while a tangible capital asset is under construction.

Leases: All leases are recorded on the consolidated financial statements as either a capital or operating lease. Any lease that transfers substantially all of the benefits and risk associated with the leased asset is classified as a capital leases and recorded as tangible capital assets. At the inception of a capital lease, an asset and a payment obligation are recorded at an amount equal to the lesser of the present value of the minimum lease payments and the asset's fair market value. Assets under capital leases are amortized on a *straight line* basis, over their lease term. Any other lease not meeting the before mentioned criteria is classified as an operating lease and rental payments are expensed as incurred.

#### Town of Cut Knife

#### Notes to the Financial Statements

#### For the year ended December 31, 2024

#### 1. Significant Accounting Policies - continued

- n) **Trust Funds:** Funds held in trust for others, under a trust agreement or statute, are not included in the financial statements as they are not controlled by the municipality.
- o) **Employee Benefit Plans:** Contributions to the municipality's multiemployer defined benefit plans are expensed when contributions are made. Under the defined benefit plan, the municipality's obligations are limited to their contributions.
- p) **Liability for Contaminated Sites:** Contaminated sites are a result of contamination being introduced into air, soil, water, or sediment of a chemical, organic, or radioactive material or live organism that exceeds an environmental standard. The liability is recorded net of any expected recoveries. A liability for remediation of contaminated sites is recognized when all the following criteria are met:
  - a) an environmental standard exists;
  - b) contamination exceeds the environmental standard;
  - c) the municipality:
    - i. is directly responsible; or
    - ii. accepts responsibility;
  - d) it is expected that future economic benefits will be given up; and
  - e) a reasonable estimate of the amount can be made.
- q) **Measurement Uncertainty:** The preparation of financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenditures during the period.

Measurement uncertainty impacts the following financial statement areas:

Accounts receivable are stated after evaluation as to their collectability and an appropriate allowance for doubtful accounts is provided where considered necessary

The measurement of materials and supplies are based on estimates of volume and quality.

The 'Opening Asset Costs' of tangible capital assets have been estimated where actual costs were not available.

Amortization is based on the estimated useful lives of tangible capital assets.

The liability associated with asset retirement obligations are measured with reference to the best estimate of the amount required to ultimately remediate the liability at the financial statement date, the discount rate, and inflation.

Measurement financial instruments at fair value and recognition and measurement of impairment of financial instruments requires the use of significant management estimates.

These estimates and assumptions are reviewed periodically and, as adjustments become necessary, they are reported in earnings in the periods in which they become known.

r) Basis of Segmentation/Segment Report: The municipality follows the Public Sector Accounting Board's recommendations requiring financial information to be provided on a segmented basis. Municipal services have been segmented by grouping activities that have similar service objectives (by function). Revenues that are directly related to the costs of the function have been attributed to each segment. Interest is allocated to functions based on the purpose of specific borrowings.

The segments (functions) are as follows:

General Government: Provides for the administration of the municipality.

Protective Services: Comprised of expenses for Police and Fire protection.

Transportation Services: Responsible for the delivery of public works services related to the development and maintenance of roadway systems and street lighting.

Environmental and Public Health: The environmental segment provides waste disposal and other environmental services. The public health segment provides for expenses related to public health services in the municipality.

Planning and Development: Provides for neighbourhood development and sustainability.

Recreation and Culture: Provides for community services through the provision of recreation and leisure services.

Utility Services: Provides for delivery of water, collecting and treating of wastewater and providing collection and disposal of solid waste.

- s) **Budget Information**: Budget information is presented on a basis consistent with that used for actual results. The budget was approved by Council on June 20, 2024.
- t) Assets Held for Sale: The municipality is committed to selling the asset, the asset is in a condition to be sold, the asset is publicly seen to be for sale, there is an active market for the asset, there is a plan in place for selling the asset, and the sale is reasonably anticipated to be completed within one year of the financial statement date.

#### Town of Cut Knife Notes to the Financial Statements For the year ended December 31, 2024

#### 1. Significant Accounting Policies - continued

asset Retirement Obligation: Asset Retirement Obligations represent the legal obligations associated with the retirement of a tangible capital asset that result from its acquisition, construction, development, or normal use. The tangible assets include but are not limited to assets in productive use, assets no longer in productive use, leased tangible capital assets.

The liability associated with an asset retirement obligation is measured with reference to the best estimate of the amount required to ultimately remediate the liability at the financial statement date to the extent that all recognition criteria are met. Asset retirement obligations are only recognized when there is a legal obligation for the municipality to incur costs in relation to a specific TCA, when the past transaction or event causing the liability has already occurred, when economic benefits will need to be given up in order to remediate the liability and when a reasonable estimate of such amount can be made. The best estimate of the liability includes all costs directly attributable to the remediation of the asset retirement obligation, based on the most reliable information that is available as at the applicable reporting date. Where cash flows are expected over future periods, the liability is recognized using a present value technique.

When a liability for an asset retirement obligation is initially recognized, a corresponding adjustment to the related tangible capital asset is also recognized. Through the passage of time in subsequent reporting periods, the carrying value of the liability is adjusted to reflect accretion expenses incurred in the current period. This expense ensures that the time value of money is considered when recognizing outstanding liabilities at each reporting date. The capitalized asset retirement cost within tangible capital assets is also simultaneously depreciated on the same basis as the underlying asset to which it relates.

At remediation, the municipality derecognizes the liability that was established. In some circumstances, gains or losses may be incurred upon settlement related to the ongoing measurement of the liability and corresponding estimates that were made and are recognized in the statement of operations.

#### v) New Standards and Amendments to Standards:

PS 3160, Public private partnerships, a new standard establishing guidance on how to account for and report on partnerships between public and private sector entities. Specifically those in which the entity in the public sector procures infrastructure in conjunction with a private sector entity. In these scenarios the private sector entity must have obligations to design, build, acquire or improve existing infrastructure. Furthermore they must also finance the transaction past the point in which the asset is initially ready for use along with operating and/or maintaining such on an ongoing basis. The standard applies to fiscal years beginning on or after April 1, 2023.

PS 3400, Revenue, a new standard establishing guidance on how to account for and report on revenue. The standard provides a framework for recognizing, measuring and reporting revenues that arise from transactions that include performance obligations and transactions that do not have performance obligations. Performance obligations are enforceable promises to provide specific goods or services to a specific payer. The standard is mandatory for fiscal years beginning on or after April 1, 2023. Earlier adoption is permitted. The standard may be adopted retroactively or prospectively.

PSG-8, Purchased intangibles, provides guidance on accounting for and reporting on purchased intangibles. It provides clarity on the recognition criteria, along with instances of assets that would not meet the definition of such. The standard may be adopted retroactively or prospectively.

| 2. Cash and Cash Equivalents            | 2024    | 2023    |
|---|---------|---------|
| Cash                                    | 493,484 | 325,111 |
| Short-term investments - amortized cost |         |         |
| Restricted cash                         | 220,960 | 217,573 |
| Total Cash and Cash Equivalents         | 714,444 | 542,684 |

Cash and cash equivalents includes balances with banks and short-term deposits with maturities of three months or less. Cash subject to restrictions that prevent its use for current purposes is included in restricted cash.

| Investments   | 2024                    | 2023   |
|---|-------------------------|--|
| Investments carried at amortized cost:  |                         |  |

#### **Town of Cut Knife**

#### **Notes to the Financial Statements**

For the year ended December 31, 2024

#### 7. Bank Indebtedness

At December 31, 2024, the Municipality had lines of credit totalling \$100,000 (2023 - \$100,000), none of which was drawn

#### 8. Long-Term Debt

- a) The debt limit of the municipality is \$1,345,483. The debt limit for a municipality is the total amount of the municipality's own source revenues for the preceding year (the *Municipalities Act* section 161(1)).
- b) Innovation Credit Union Loan is repayable at 4.50% amortized over 5 years payable quarterly of every year, secured by municipal borrowing resolution.

Future principal and interest payments are as follows:

| Year       | Principal | Interest | Current Year Total | Prior Year Principal |
|------------|-----------|----------|--------------------|----------------------|
| 2025       | 36,421    | 8,391    | 44,812             |                      |
| 2026       | 38,088    | 6,724    | 44,812             |                      |
| 2027       | 39,831    | 4,981    | 44,812             |                      |
| 2028       | 41,654    | 3,158    | 44,812             |                      |
| 2029       | 44,006    | 1,252    | 45,258             |                      |
| Thereafter |           |          |                    |                      |
| Balance    | 200,000   | 24,506   | 224,506            |                      |

#### 9. Lease Obligations

Future minimum lease payments under the capital lease together with the balance of the obligation due under the capital lease are as follows:

| Year               |  | Payment Amount |
|--------------------|--|----------------|
| 2025               |  | 68,772         |
| 2026               |  | 68,772         |
| 2027               |  | 68,772         |
| 2028               |  | 34,361         |
| 2029               |  |                |
| Thereafter         |  |                |
| Total future minir | num lease payments                                 | 240,677        |
| Amounts represe    | nting interest at a weighted average rate of 3.76% | (16,704)       |
| Capital Lease Liab | pility   | 223,973        |

The lease is repayable at \$34,361 semi-annually to the Royal Bank of Canada and bears interest at 3.76%. The lease obligation matures in 2028.

#### 10. Pension Plan

The municipality is an employer member of the Municipal Employee Pension Plan (MEPP), which is a multiemployer defined benefit pension plan. The Commission of MEPP, representing plan member employers, is responsible for overseeing the management of the pension plan, including investment of assets and administration of benefits. The municipality's pension expense in 2024 was \$34,911 (2023 - \$33,170). The benefits accrued to the municipality's employees from MEPP are calculated using the following: Pensionable Years of Service, Highest Average Salary, and the plan accrual rate.

2023 is the most current actuarial valuation report available for MEPP. At December 31, 2023, the MEPP disclosed an actuarial surplus of \$744,391,000?

#### 11. Comparative Figures

Prior year comparative figures have been restated to conform to the current year's presentation.

#### **Town of Cut Knife**

### Notes to the Financial Statements For the year ended December 31, 2024

#### 12. Risk Management

Through its financial assets and liabilities, the municipality is exposed to various risks.

#### Credit Risk

Credit risk is the risk that one party to a financial instrument will fail to discharge their responsibilities with respect to the financial instrument, and in so doing, cause a loss for the other party. The financial instruments that potentially subject the municipality to credit risk consist of the allowance for doubtful taxes receivable which administration monitors and reports to council as well as working with legal council on collections.

#### Liquidity Risk

Liquidity risk is the risk that the entity will encounter difficulty in meeting financial obligations as they fall due. The municipality undertakes regular cash flow analyses to ensure that there are sufficient cash resources to meet all obligations.

#### Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency and other price risk.

#### Interest Rate Risk

Interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate due to changes in market interest rates. The financial instruments that potentially subject the municipality to interest rate risk consist of any potential debt as well as short term investments.

### 13. Prior Period Adjustments

During 2024, the Town identified classification misstatements that overstated assets held for sale and understated tangible capital assets. The 2023 comparative figures have been restated to correct these misstatements.
